The diagram illustrates a header file dependency. At the top is a gray box containing the header file name 'madara/Splice\_Mutex\_MessageSplDcps.h'. Below it are two white boxes. The left box contains 'madara/Splice\_Mutex\_MessageDcps\_impl.cpp' and the right box contains 'madara/Splice\_Mutex\_MessageSplDcps.cpp'. Two blue arrows point from the top of each of these bottom boxes to the bottom of the top box, indicating that both source files include or depend on the header file.
